

Holiday Nursery Information & COVID Protocols

Preregistration is required

Parents must pre-register their child before all holiday events and worship services since there is **limited space available**. Parents will receive **room assignments by email** from the Nursery Coordinator after children are registered. A **Wait List** will be generated once we reach maximum capacity.

What should I bring for my child?

Pack a diaper bag and label it with your child's name. Bags will be placed in the hallway next to the classroom door. Please label all bottles, sippy cups, and pacifiers with your child's name. Masks are not required for infants and toddlers.

How do I check-in and drop off my child?

Only one parent (wearing a mask) is permitted to drop off their child, and the same parent must pick up the child. Nursery hallway traffic will flow in one direction using one entrance and one exit. Both parents and children will have a temperature check. If a parent or child has a 100.3 or higher temperature, the child will not be admitted to the classroom.

What security measures are in place? How can I keep in touch?

- Classroom capacity is limited to **eight** children per toddler classroom and **five** children per infant classroom.
- Volunteers will wear masks and be temperature-checked.
- Kiosk check-in will not be used at this time.
- Older children will receive a preprinted security name tag.
- Parents of younger children receive a pager to notify you immediately if you're needed in the Nursery. Please return the pager must when you pick up your child.
